Full time participants 400 EUR (at least 8 hours of work day, 4 meals and accommodation).

#### **What do you get?**

Hockey School in Odense involves quite long days with diverse activities. Each group has 2 ice sessions per day (goalies up to 3). On top of this we have ball games, water activities, off ice shooting, off ice work outs, teambuilding, enjoying a movie, miniature golf and/or bowling and visit to our velodrome. Lot's to do!

#### **Who can participate?**

We have groups for players born 2012 all the way up to U19 players born 2001. Each group covers more than one year birth. However it will be a mix between looking at age and skills.

We have players from Canada and several Danish teams. We want to mix players from Odense with players from other clubs and countries.

**Meals:**

Each day all groups will eat lunch at the rink with both cold and warm dishes. Later in the day each player will get a pasta salat or a sandwich and additional fruit and juice. For full time participants there will be dinner at the rink and they begin each day with breakfast at the rink.

**Coaches:**

The coaching staff is in our opinion a crucial factor in putting together a good hockey week. First coaching names have been announced: Toms Strauss, Anders Holst and Jens Hellsten. More Danish and foreign coaches will follow. Coaching staff is posted at [www.oik.dk](http://www.oik.dk) over the summer. Elite players from Odense Bulldogs will attend during the week. Both on and off the ice.

**Focus in week 31:**

We offer a week loaded with activities for all age groups. In order to get the best outcome in terms of matching abilities, the organizers can mix the age groups in the different groups.

**The youngest** Our group 1 and 2 are PERFECT settings for trying your first hockey school. They are at the rink for about 8 hours. Focus is on skating, games, skills, and friendship on and off the ice. All according to DIU guidelines for kids hockey. We also value the activities outside the ice.

**The oldest**

For the oldest group some of the off ice activities has been removed, so that more emphasis is placed on the hockey related sessions and recovery. The oldest group will have 11 canadian boys age group 2002 – 2004.
